each column.

<u>MATH</u>	<u>LA</u>	<u>SEL</u>	<u>PHY-ED</u>	<u>ART/STEM</u>
Log into IXL and work on: Q1 Q2 S1 S4  15 MINUTES TOTAL	Log into IXL and work on: E3 A3 N1 Y5  15 MINUTES TOTAL	Write a letter to a family member/friend	Build a snowman or a snow fort. Send a picture through email.	Complete 2 directed drawings & color.
Do 1 minute facts sheet for Mult., Add., Sub.. Finish the sheet w/ different color after 1 minute is up.	Read part of your book for 15 minutes. Write 2-3 sentence summary.	Make a journal entry, reflecting on your day	Go sledding or snowboarding. Send a picture through email.	Be an architect: use legos or blocks to build a structure.
Log into IXL and work on: AA2 P5 CC2 KK2  15 MINUTES TOTAL	Read a book and take AR test on your book.	<b>FREE SPACE</b>	Jumping Jacks - 1 min. High Knees- 1 min 10 Pushups Do all three of these 3 times.	Build a paper airplane and measure how far it goes. (use your shoe to measure how far it goes)
Log into IXL and work on: 2KJ A67 ZCL FZE  15 MINUTES TOTAL	Read to a adult for 20 minutes.	Write 10 "I am" statements. EX: I am a problem solver.	Dance for 15 minutes with a sibling, friend, or on your own )	Draw a portrait of someone in your family, or a friend. Ask them to pose. Be sure to add detail.
Do the whole enrichment packet.	Do the whole enrichment packet.	Help with laundry, cleaning, or other household chores.	Do a yoga exercise or stretch your body for 15 minutes.	Do the whole enrichment packet.

# DESIGN IT AND NAME IT

What will your stand look like? Will it be fancy and upscale, or will it appeal to cowboys and ranchers? Maybe it's a stand that draws the attention of other kids. Decide on the look and general theme of your hot cocoa stand and color it below, adding to the drawing as needed. Then, add the name of your business to the sign at the top of the stand.

# FOR A GOOD CAUSE

Many people raise money for a good cause (homeless shelter, children's hospital, animal rescue, etc.) with the proceeds of their food stands. Think of a good cause to which you would donate money raised at your hot cocoa stand. Work through the questions below.

1. I would like to raise money for \_\_\_\_\_.
2. Why did you choose this cause? \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_
3. What is the total amount you would like to raise for this cause?  
\_\_\_\_\_.
4. If you charge \$4 per cup of cocoa, how many people would have to buy a cup of hot chocolate in order to raise that amount?  
\_\_\_\_\_
5. If you charge \$6 per cup, how many people would have to buy a cup of hot cocoa in order to raise that amount?  
\_\_\_\_\_
6. If your hot cocoa stand was open for a total of 20 days, and 50 people paid \$5 for a cup of hot cocoa on each of those days, how much money would you make? \_\_\_\_\_
7. Make a list of ten additional things for which you could charge money at your hot cocoa stand to raise more money for your cause (for example, cupcakes or scarves).

# COCOA CALCULATIONS

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**Directions:** Solve each problem.

<p>Jenny bought 3 cups of hot cocoa. Each cup holds 8 fluid ounces of cocoa. How many fluid ounces of cocoa did Jenny buy?</p> <p>_____</p>	<p>Liam started working at the cocoa stand at 3:30 pm and finished working at 8:15 pm. How long did Liam work at the stand?</p> <p>_____</p>	<p>The hot cocoa stand uses 65 spoons each day. If the stand is open for 30 days, how many spoons are used?</p> <p>_____</p>
<p>One cup of hot cocoa is \$3.25 and candy canes are 75¢. Ella bought one cup of cocoa and two candy canes. How much did she spend?</p> <p>_____</p>	<p>Each cup of cocoa costs 50¢ to make. If the stand charges \$3.25 for a cup of hot cocoa, how much money does it profit from each cup sold?</p> <p>_____</p>	<p>If cocoa is \$3.50 and whipped topping is 65¢, what is the total price of two cups of cocoa with whipped topping?</p> <p>_____</p>
<p>Kelly wants to hang a string of lights around her stand. The stand is 4 feet wide and 3 feet long. How many feet of lights does Kelly need?</p> <p>_____</p>	<p>Manuel made a total of \$246 at his hot cocoa stand on Monday. He has to pay his two workers \$45 each. How much money does he have left after he pays the workers?</p> <p>_____</p>	<p>Each cup of cocoa uses 2 tablespoons of mix. How much mix is needed to make 184 cups of cocoa?</p> <p>_____</p>
<p>Ava has a \$20 bill. If she buys 3 cups of cocoa at \$3.25 each and 3 candy canes at 75¢ each, how much change will she receive?</p> <p>_____</p>	<p>Jase worked from 10:45 am until 4:30 pm. How long did Jase work at the hot cocoa stand?</p> <p>_____</p>	<p>Palo charges \$3.35 per cup of cocoa, 75¢ per candy cane, 35¢ for sprinkles, and 90¢ for whipped topping. If a customer orders one cup of cocoa and all the other items, what is the total cost?</p> <p>_____</p>

# TIME FOR HOT COCOA!

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**Directions:** Find the elapsed time for each problem. Write your answer at the bottom of the cup. When all problems are completed, color cups with matching answers the same color.

**1** CHOOSE YOUR  
HOT COCOA SIZE:

Cup: \$ \_\_\_\_\_

Takeout \$ \_\_\_\_\_

Tall Mug \$ \_\_\_\_\_

Large Pitcher \$ \_\_\_\_\_

**2** CHOOSE YOUR  
EXTRA TOPPING:

Marshmallows \$ \_\_\_\_\_

Peppermint Sticks \$ \_\_\_\_\_

Peppermint Candies \$ \_\_\_\_\_

Chocolate Chips \$ \_\_\_\_\_

**3** CHOOSE AN  
EXTRA TREAT

Cupcake \$ \_\_\_\_\_

Chocolate Wafer \$ \_\_\_\_\_

Cake Pop \$ \_\_\_\_\_

Brownie \$ \_\_\_\_\_

# HOT COCOA STAND MENU MATH

Name: \_\_\_\_\_

Date: \_\_\_\_\_

## DIRECTIONS:

Once you have finished creating your hot cocoa stand menu, answer the following questions based on your menu's prices.

1. What is the total amount for a cup of cocoa with marshmallows and a brownie?  
\_\_\_\_\_
2. How much more expensive is a pitcher of cocoa than a cup?  
\_\_\_\_\_
3. If you bought a tall mug of cocoa with every topping, how much would you spend?  
\_\_\_\_\_
4. What is the difference between the most expensive and least expensive items on the menu?  
\_\_\_\_\_
5. Troy bought 4 takeout hot cocoas and 4 cupcakes. How much did he spend?  
\_\_\_\_\_
6. Amelia wanted a tall mug of hot cocoa with chocolate chips and a peppermint stick, plus a cake pop. She has \$10.00. Does she have enough money? Explain.  
\_\_\_\_\_
7. Is \$20.00 enough to buy 5 cups of cocoa and 5 chocolate wafers? Explain.  
\_\_\_\_\_
8. A family buys a pitcher of cocoa with marshmallows, plus 10 brownies. How much do they spend? -  
\_\_\_\_\_
